Sure. I hope this is helpful. It's mostly a dump of all of the papers I found from Heidi and our prior work. I looked through all of the key documents we have sent to Matt and David in the past six months or so, so I'm pretty sure at least you don't need to search through any more old papers. This should have everything, and you can just supplement or whittle down as you see fit.

I am attaching Heidi's legislative history compilation. I'm pretty sure the paper includes the key points from the legislative history, but you may want to take a look and see if you find any other compelling language.

Thanks so much!

Hi Alexis,

Just wanted to confirm the plan for dealing with next week's briefing.

I will send the meeting request and compile all of the materials we have thus far into one draft outline.

You will then modify and supplement the briefing paper as needed, and then I'll review and we can circulate to OWOW staff and then Carrie/Steve.

Once the meeting is scheduled, we can ask OWOW to inquire about including R4.

Does that work? I'm sorry for this last minute burden on top of your other work.
